

Citrus Memorial Hospital

Please Note: This information is periodically updated in an effort to maintain accuracy; however, we encourage you to contact us or your health plan to verify plan participation status. (Last updated on 12/16/2010)

Please note that your health plan may require you to obtain a referral from your primary care provider before being seen by our hospital.

The plans below are which CMHS are contracted with as in network providers for.

*Please note that these plans are for which the hospital is contracted with, the physicians you may see, may or may not be contracted with these plans, it is best to inquire from them directly...

If your plan is not listed above, you can use your insurance at the hospital, however your insurance company may consider you to be out of network and as the patient you may have a higher co-insurance or deductible assigned to you for elective and non emergent services. NOTE: You may use any health insurance for emergency room care; there is no out of network
